What will May bring?

Who knows? As we all have been adjusting to a new and unknown way of life, I hope you are all safe and well. I was hoping that I would be able to tell y'all that we were ready to re-start our activities but my biggest concern is to keep each of us healthy. I am just as ready to get out and about as all of you are but we need to heed the warnings of the people that know what they are doing. Being in quarantine is not fun but with us being the most at risk, we need to be aware of our world. That is why we will not be having any functions at the Civic Center until this COVID-19 threat is out of the way. Time will tell when we can get back to being us.

What the Governor Said

While the state tries to reopen and get going again, Governor Kay Ivey said:

- Non-work gatherings of more than 10 people are prohibited
- Visitors to senior citizen centers are not allowed
- Barber shops, beauty salons and tattoo shops will remain closed
- Public schools will remain closed through the end of the school year
- Child care centers cannot allow more than 12 children in one room
- Restaurants, bars and breweries are limited to curbside and take-out service.

This is not good news for us seniors. They will re-evaluate things on May 15th to see how it is working.

While we are safer at home let's do things like stay in touch with each other, do the social distancing and the health measures to prepare ourselves for the time we can get back to living our lives.

Remember **Mother on May 10th.** It is a special day to celebrate your accomplishments and love of family. I hope you all have a great day and that your family reminds you what a great job you did when you raised your children. Sometimes it was tuff **but you did it.**

Normally I would be encouraging you to enjoy your family and friends on May 25th but this is not normal times. I do hope you can enjoy your day and above all use common sense and stay safe. Looks like there will be no Summer Camp so maybe we can start back some programs in June. Keep your fingers crossed.
